Chauncey Dandridge
GRAPHIC / VISUAL DESIGNER

ABOUT

I am an extremely confident Designer with knowledge of multiple design based platforms. With the ability to multitask in fast paced environments independently or in a team, I am open to new design tasks and directions. I have over 18 years of experience in creative software with core proficiencies including the full Adobe Suite; both digital or raster work, typography, and all things visual communication. I am very much into UI design and I also like photography in my spare time. My most recent experience has centered around e-Learning software as a Media Designer using Storyline 360.
